

NEXT STEP

Lives Transformed for Good

If one were to ask, "What is the true heart and mission of Next Step Ministries?" They need only refer to **Matthew 28:19** for the answer.

Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit,

To be a disciple, the men at Next Step must first cultivate a personal relationship with Jesus Christ and honor Him daily. In return, Jesus will begin to reveal to them who they are in Christ and why they were created. And through this intimate relationship with Jesus the men receive spiritual and mental healing, restoration and in time, transformation.

Here are testimonials about the transformations Jesus is performing at Next Step Ministries.

- I have been a supporter of The Next Step Ministry for a while, but this past year God moved me to get more involved. Although I am there to help Todd to encourage and mentor the men in the program, I have found that they minister to me in much greater ways. It's easy to call yourself a Christian when life is easy or sitting in the safety of the church. These men at Next Step Ministries demonstrate the power of God's love and grace in their lives. not in spite of their past, but because God has carried them through their past and into his great love. Experiencing that level of devotion has been an inspiration to me. God is at work in Powerful ways in this ministry.

- For me, Next Step has been a welcoming Christian Community of Faith with brothers who help and hold one another accountable. It is here I am learning to connect with other brothers despite our differences coming together to love and learn more about Jesus. I have learned the discipline of staying in the word and keeping my focus on Jesus Christ and his will for all my life. Next Step is a sacred holy place, a place of transformation.

With the start of summer coming soon the swamp coolers are up and running, we dusted off the barbecue and weed pulling is becoming a weekly activity. We are also continuing our upgrades to the property. With the help of the residents we recently renovated two of the apartments, adding new flooring, repairing drywall and applying a fresh coat of paint.

We thank all of you for your prayers and support. We truly couldn't do this without you. God is using Next Step Ministries to transform lives.
